In closing the speaker quoted from one of President Harding's last addresses, "If the United States is to endure, if it is to go forward, our national life must be based on the integrity of its citizens as individuals."
 "Taps" was sounded by the bandmen and the audience sang America, accompanied by the band. Rev. Mr. McGlauffin pronounced the benediction.

A. W. Barker Visits Town
 Arthur Wesley Barker of Lynn, Mass., spent a few days with his niece, Mrs. Anna (Barker) Barnett and family. It is of interest to note that Mr. Barker is a native of Maine and was born in Stoneham over seventy-six years ago; he left his native town when about seventeen and went to West Virginia to work in a copper shop, later going with a contractor to the central west in the construction of railway stations, the last lap being to Lanier, South Dakota. He returned east to Lynn, Mass. and has since successfully carried on a contracting and building business; his son, A. Prescott Barker, has been associated with him for some time. Mr. Barker represented his district in the Legislature in 1908-09 and again in 1915, when seventy years young; he was with the delegation that visited the Maine Legislature during this period and helped to entertain the return visit from the Maine Legislature later on. Mr. Barker is hale and hearty, has a keen interest in the world's work and through his visits to his native state have been rare, Maine is his state, and his love for the old Oxford hills and his home town has never grown less, as this recent visit to the place of his birth and search for friends of his youth, of which but few remain, shows a good record for an Oxford County boy and there are hosts of others.

D. R. Smith of Bethel and Mrs. A. E. K. Grover were guests of Mr. and Mrs. J. B. Barnett, Thursday. Mrs. Grover remained for a few days stay.

Mr. and Mrs. J. A. Kenney are entertaining their nephew's wife and son, Mrs. Frank R. Chase of Cambridge, Mass. Mrs. Chase has been in Randolph for a week's stay and will go to the Chase homestead in Epping, N. H., before returning to her home.

BASEBALL

Twin Towns 8; Livermore Falls 7
 Eleven innings in an all star game made a thriller at the fair grounds Thursday, August 9, when Twin Towns and Livermore Falls grappled and clawed for advantage as leaders in the Tri-County League. It might have been called a Twilight League for the battle raged until the grand stand cast long shadows across the diamond, and the ball was still not visible. Intense excitement drove supper from the minds of the faithful hanging to stidelines or hovering breathlessly in the stand unconscious of gathering darkness.

After Twin Towns made a single crossing in the first, then Livermore opened viciously in the second and nailed up six runs in a fine burst of sun hits. This game proved the last for the visitors. With one more tally in the fourth they had a strong lead which looked a cinch. White's scrappers fell on the ball in the fourth and whaled out three runs, again in the sixth they drilled through Livermore's defences and hung out two more.

In the ninth Twin Towns tied the score. For two innings the teams played a tight slug until bunched hits put the Twins across. The score:

Twin Towns 9; Sanford 5
 Billy White's boys traveled rough about over the Sanford Textiles at the fair grounds Saturday afternoon in a game of a loose texture with both not particular about handling the sphere. Hard walling was the rule which at times developed into vicious attacks on both pitchers.

Everything did something in the first frame with Twin Towns leading at the end of the second half. The Twin Town kept gnawing from the melon and bit off at least one run in about every session. Sanforders were not so fortunate and could make a crossing in but three innings.

Business was good around first sack for the first base sentinels on both teams. Nearly one-half the put-outs were staged on this corner, with a large crop of assists credited to various players.

On the whole funning and strong arm exhibitions were not uncommon, but the game proved interesting.

Twin Towns Talk
 The Augusta Council, K. of C. team cancelled their Saturday date here and the Boston Tigers, a fast bunch of colored players, have been secured for Aug. 18. This will be their first trip to Maine having played over a circuit in Connecticut, Western Massachusetts and New York State. The colored athletes not only play ball but have a line of comedy to please the crowd.

Two more weeks will settle the Tri-County League question and fans of the Twin Towns start next week on their last trip over the circuit in the pennant race and will play ball every minute. The final clash will be staged here with Livermore Falls on August 30 and fate may decree this to be the decisive battle for first place in the Tri-County League.

Things happen in baseball but dopests here with Livermore Falls and White's Towners, although Farmington has a good shot at it.

Twin Towns, after leading eight innings at Dixfield Wednesday, fell against a batting rally and lost in the ninth with a score of 4 to 3 and none out. Fowler secured a clean cut game for the Dixfield and Knight worked strong for the Towners. Livermore lost to Farmington 4 to 3 on Friday. A 13 to 12 score in a wild scramble with Twin Towns still heads the league with Livermore nosed from second to third place by Farmington.

Gentlemen's Night, Norway Woman's

Christian Temperance Union
 Elm Street, No. 12 was a busy place Wednesday night at 6:30 P. M., why did so many people hurry along in that direction? Only a stranger need ask. It happens every year, and the children would tell you that Murray Russell was baking beans in a real "bean hole," and supper would be served in the garage. The boys had brought cedar evergreen from the woods and it smelled like the forest. Two long tables filled the place; some sat on benches, and others sat on chairs, but all looked happy as they looked over the tables, flanked with huge dishes of steaming beans, "the best of all" many said, though baked without a bit of meat. Stacks of sandwiches, rows and rows of pies and cakes and salads, and rows of fruit punch, and real old fashioned brown bread.

Seventy-five people were served, and many more might have been here, and Mrs. Robert J. Bruce and four girls from Syracuse, were out of town guests, also Mrs. Alice Russell Babcock of Boston, Mrs. Florence Russell Ward of Detroit, Mich., and Mrs. Lillian Fuller of Boston, Mass.

Dinner over, the people adjourned to the home of Mrs. Nettie Nevers where the following program was given, as arranged by Miss Ella Clark:

Piano solo.....	Irene Nevers
Vocal solos.....	Mrs. Daisy and Josephine Chase
Piano solos.....	"The Reverie" Edwin Chalky
Reading.....	"Easter Morning" Evelyn Saleeby
Benediction.....	Mr. Bruce

Mrs. Anderson rendered a solo, "Abide With Me," and prayer was offered by Rev. T. C. Chapman of the Methodist Episcopal Church.

After Fish But Landed a Bear
 Frank Lovejoy and Charles Huff returned from Mason Saturday with a black bear cub which they shot the day before. The cub weighed about seventy five pounds and the pelt is in good condition. They will whack up on the bounty and get a little metal along with the thrill.

This was intended for a fishing party and the hunting scene was thrust upon them as they scouted through blackberry bushes in the shadow of Mr. Caribou. The show opened when a few growls and sniffs from mother bear attracted attention and lifted the bristles under the fishermen's hats. Charles was the first to recover. He let out a mighty howl, which frightened the she-bear and sent a cub scrambling up a tree. After a hurried council-of-war, Frank ran back to a farmhouse some two and one half miles. When the little bear started to descend, a loud "blat, whoa" from the tree-man would stay the downward slide and send mother bear to a safe distance. After forty-five minutes of agony, Frank returned with a short gun and broke the spell. The old bear deserted the cub, probably in view of the shouting from the tree top, and was not secured.

Charles will realize enough from the bounty to replace the trousers dislocated in the upward scramble. The section of cloth which generally covers a chair resembled a map of "No Man's Land" after several days shell fire.

Snap shots were taken after their return, showing the dead bear, Frank Lovejoy, the hero sprinter, and Charles Huff, almost bore as the illustrious Joe Knowles when he entered the forest. Oh Boy this was some fishing trip!

GIVING OUT

The Struggle Discourages Many a
Citizen of Norway

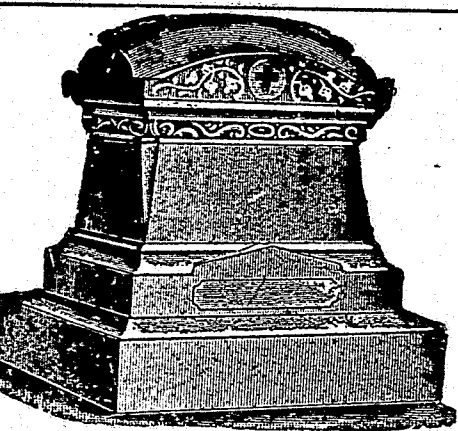

Around all day with an aching back,
Can't rest at night;
Enough to make anyone "give out."
Doan's Kidney Pills are helping thou-

sands.
They are for kidney backache,
And other kidney ills.

Here is Norway proof of their merit:

John F. Sampson, prop. painting estab., 174 Main St., says: "I was feeling run down and miserable. I was tired and nervous and my kidneys didn't act regularly. At times the secretions passed too frequently, then again they were scanty. My head ached night and day. A friend advised me to try Doan's Kidney Pills so I sent to Stone's Drug Store for them. When I had finished taking Doan's, the trouble left and I have not been bothered since. I can certainly recommend Doan's to anyone afflicted likewise."

HONOR THE GRANGE

Give honor to the Grange
And these best obligations
They make us better men and wives,
In every rank and station.
It did not start in the way back,
As I have heard some relate,
But in the city of Washington,
The Capitol of our state,
Some noble hearted farmer,
The best there was in the land,
Pledged themselves together
To have a union band.
First it was called Agricultural,
Then a different arrangement made,
When it was Patrons of Husbandry,
A name we hope never will fade.
It was then the Sisters were admitted,
Their equal right to share,
May we prove to them a blessing,
At home and everywhere.
May we all be faithful Patrons,
And do to others as we would
That they should do to you.
The Grange is a School of Instruction,
One we all can view with pride,
As husbands, wives, sons and daughters
Come through the gates side by side.
Promising to be true and faithful
With Faith, Hope and Charity our only guide
Ever loyal to the Grange order
Always welcome to a seat inside.
Written by Mrs. Flora W. Felt, aged 85, a
charter member of Franklin Grange.

FRYEBURG

One of the last (but by no means least) memorial services for our late beloved President was held in Bradley Park Friday afternoon at 5 o'clock. Several selections that had been sung many times during the last two days were sung and many fine tributes rendered by prominent residents and visitors. A most appropriate time and place seemed the sunset hour, under the beautiful trees and blue sky to close a series of services to a man so true and brave, loving and pure as was the late Warren G. Harding, one of our best beloved presidents.

Miss Charlotte Hodsdon and Mrs. Charlotte Pike Litchell of Westbrook, formerly of Fryeburg and Prof. A. D. Hurd are to give a concert in the Congregational Church, August 23rd. Beane Post of Brownfield as guests. J. W. Hubbard also a member of Daniel A. Beane Post, but now a resident of Fryeburg, was also present. All of the comrades made fine speeches which added to the interest of the meeting.

Comrades Gray and Hill have handsome new uniforms and are "all set" for the national encampment that meets in Milwaukee the first days of September.

Brownfield (and in fact, Maine) has great reason to feel proud to have two such smart, erect, fine looking intelligent comrades to represent them fifty-seven years after the close of one of the worst conflicts the country ever knew.

Comrade Gray, 83 years last March, is standard bearer in the national parades and elicits many compliments for his fine figure and dignified manner. Comrade Hill's ability has placed him not only in the high office he occupies, but at no distant day he will be the Department Commander of Maine and it is safe to predict will make one of the best ever.

The August meeting of the W. C. T. U. was held at the beautiful summer residence of Mrs. Sarah Weston, Mrs. Weston passes the winter with her daughter, Mrs. Mark Twitchell in Berlin, N. H. and in the summer greatly enjoys greeting her many old friends. She is especially interested in the work of the White Ribboners and the meeting of which she is the hostess is eagerly anticipated by the members of the local Union. A program of readings and music was enjoyed after the business was disposed of. A special feature of the program was songs by Mrs. Mary Stanley, who has a fine voice and renders her solos with feeling and expression. A stroll through the house and grounds, inspecting the recent extensive repairs and improvements thereon, was enjoyed by all. Dainty refreshments were served. A beautiful cake was sent from New Hampshire by Mrs. Twitchell for the occasion as a token of her remembrance of the day. Pond lilies were the decorations sent to the hostess by Lawrence Briggs especially for this meeting and each guest received them on her departure. The next meeting will be at the home of Mrs. E. A. Wight and a good program is to be expected.

THE 1924 STUDEBAKER LIGHT-SIX SEDAN \$1550

The Closed Car You Buy Now You'll Use Next Winter

Any owner who has felt winter's winds whistling through the ill-fitting doors and flimsy panels of a makeshift closed car knows there is no substitute for quality.

The 1924 Model Studebaker Light-Six Sedan you buy now will not only serve you admirably this summer and next winter, but will endure for years.

It is sturdily built for long, hard service, to ride comfortably, to look well and to operate at a moderate expense.

And when you are ready to trade it in on a new car the depreciation will be reasonable. Studebaker used car values are high because of Studebaker's inherent merit. And there is always a market for used Studebakers.

The substantial hard wood and steel body with its broad windows and four wide doors, its rich mohair velvet plush upholstery, and

many refinements, is a model of Studebaker craftsmanship.

Construction of the chassis is an achievement in the use of precision methods in large scale manufacture. Proof of this lies in the machining of all surfaces of the crankshaft and connecting rods, to which is largely due its virtual freedom from vibration. This is an exclusive Studebaker practice on cars at this price.

The smooth-running Light-Six motor has made friends everywhere for its durability, power and flexibility just as it has for its economy and reliability.

The Light-Six Sedan is low priced because it is built complete by Studebaker in large volume, but there isn't a cheap thing about it. It is above par in every particular.

Studebaker's reputation for producing high class transportation for 71 years is worth considering when you buy a car.

Four wide-opening doors. Eight-day clock. Quick-action cowl ventilator. Attractive coach lamps. Heater. Mohair velvet plush upholstery. Glass-proof vision and windshield cleaner. Dome light. Thief-proof transmission lock.

Months and Miles of Battery Service

It is ridiculous to ask how many months a battery will last as it is to ask how many months a pair of shoes or a pound of sugar will last, without inquiring how they are to be used.

However, this does not leave the buyer of a battery without a guide to battery value. Quite the contrary. As a matter of fact there are four things that determine how long a battery will live. They are:

First: Use
Second: Time
Third: Care
Fourth: Quality of the battery itself.

Of course you had an argument; but as you couldn't prove that you had paid you were usually the "loser."

Why not avoid these costly disputes by depositing your income in a Checking account at this bank, and paying all bills by check?

IN MEMORY OF MY DARLING
MOTHER, ALICE REED FROST

O, Darling Mother, sweet and true;
Thy gentle spirit hath flown;
To seek its rest in Heaven's blue;
Our thoughts were with thee all the way,
Our prayers were for thee, night and day,
Lord Jesus knew our fears.
He restored thee, but not for long,
'Till thou came home again;
Then called thee back to join the throng
Upon a bed of pain.
Thou sufferedst cruelly the while
And bravely fought for health,
Thy greetings were a patient smile,
More precious, far, than wealth.
But Jesus in His power and might
Upon thy throne, looked down
And said, "I need this jewel, bright,
To shine within my crown."
"Thou saidst that Jesus chasteneth"
Those whom He loveth best;
He bade Death's Angel hasteneth
To take thee unto Rest.
"Thou saidst that Jesus will be done,"
And passed beneath the Rod;
Thy face turned toward the setting sun,
Thy hope and trust in God,
Thou wastest in a sheltered vale,
Beloved by all who know
The saddening death and travail
Of partings here below.
Thou lovedst thy country and thy flag,
The dear Red, White and Blue;
And every trial and every cross
Religious were to you.
Thou lovedst thy family and home,
Thou keptst the hearstone bright,
And when by day we chose to roam,
Thou welcomed us at night.
Thou home is desolate and dear
And "we need thee every hour,"
And while we sadly miss thee here,
Bread pain has lost its power,
It racks thy slender frame no more,
And thou' art with us in our hour,
We know thy comforting word,
And thou art safe with Him.
We saw thee on the couch of Rest,
No pain disturbed thee now,
The peace and calm of Jesus' love
Sat on thy marble brow.
We saw thee on the couch of Rest,
All earthly ties were broken;
Thy face against thy breast
Thy purity bespoke.
We bless thy memory, Mother, dear,
Thy place can ne'er be filled;
We never could have spared thee here,
Had not our Jesus willed.
O, Mama darling, dear and true,
Thou' thy gentle life hath flown,
To seek its home in Heaven's blue,
Thou journeyed not alone!

LILLIAN FROST ADAMS.

HARRISON

An entertainment of some importance is to be staged at the Grange Hall, Harrison, Friday evening, Aug. 17. There is to be a circus, side show and vaudeville. Many strange freaks and novelties will include the wild woman, a strong man, Hawaiian dancers and a varied collection of human curiosities. A magician and a quartet will also be among the head liners. Freaks will parade at 7 o'clock. Dancing in Bungalow Playhouse after the excitement. Music, Black Diamond Orchestra.
Unidentified spooners parking themselves on a secluded porch late Saturday night at the home of a well known business man, left a woman's hat as a souvenir of the blissful session. The head piece may be found on the porch any night the owner wishes to recover the property, and no questions asked. This family retires early and sleeps soundly.

They stopped at Old Orchard beach, where hundreds of people were taking sun baths, also bathing, but all stores, restaurants and places of amusements were closed out of respect for our president. Mrs. Morrison and her sister, Mrs. Briggs, went as far as Biddeford, where they visited their aunt, Miss Mattie Gordon and Mrs. Dora Hammons, returning to Bridgton by train the next evening. Mrs. Harmon went to Wells Beach to visit her father. Why need a chauffeur when a lady can drive her car through the cities of Massachusetts and Maine with perfect ease as Mrs. Harmon can.

MAKES LIFE WORTH LIVING
- - - IN THE KITCHEN

With an electric range you have a helping "playmate" that lessens the time spent in your kitchen while making it easier and more profitable.

1. Lessens the time because the electric range "superintends" the cooking—you just prepare your favorite recipe whether cake, pie or meat, and the electric range does the rest PERFECTLY.
2. Easier because all you have to do to "build" your fire is to just turn the switch—no matches, no kindlings, no coal.
3. More profitable because you eliminate waste and spoilage. The fireless cooker principle makes cheap meats as tender, juicy and tasty as more expensive cuts—and there is no guess-work or failure in cooking with the Hotpoint Hughes Electric Range.

These are only a few of the comforts and conveniences that you will appreciate after you have used the electric range. Its daily uses, day in and day out, make your Hotpoint Hughes a real and economical companion.

And now you can get your electric range at the price you would have to pay for the ordinary type of cooking equipment.

Why not come in to-day and at least let us tell you how the Hotpoint Hughes Electric range can serve you. You will be under no obligations whatever.

NORWAY,

"There's a whole lot more to driving besides simply shifting gears and steering. The biggest part of the job is to keep your head no matter what looms up in front of you. Poor brakes cause a good many accidents—and so do poor nerves."

(The Veteran Motorist.)

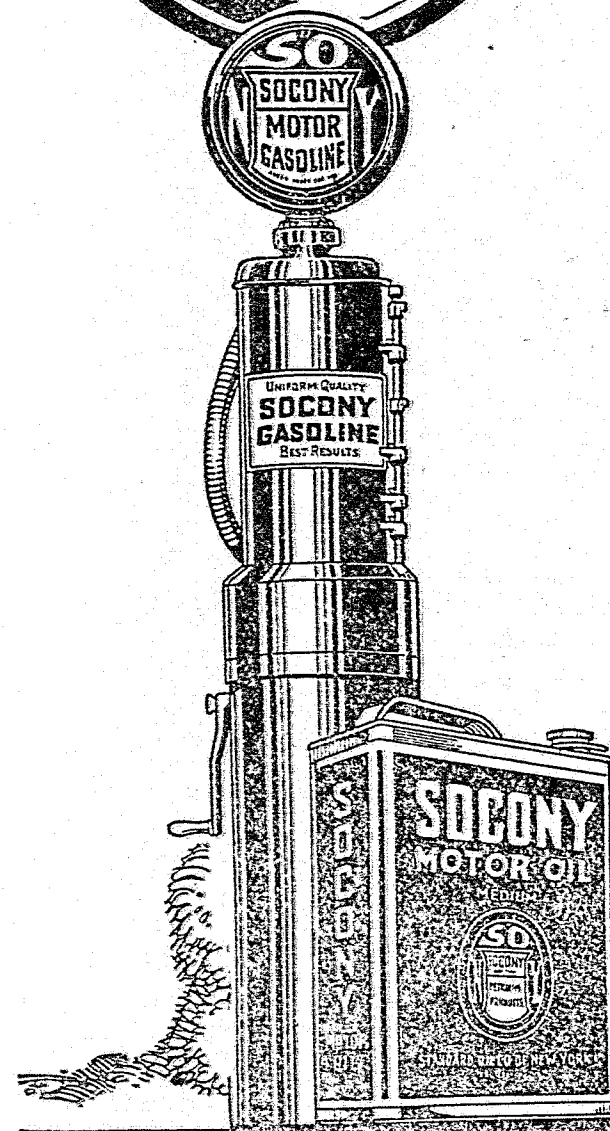

Says the Veteran Motorist:

I WISH I could paint some big signs along every motor highway and byway. They would all be alike—just five words. But I'm convinced that those five words would save many a mishap and many a doctor's bill. Here they are: LOOK WELL TO YOUR BRAKES.

"The least every motorist can do, for his own protection and the safety of others, is to be absolutely sure that the brakes are 100% O. K. Many a chap has started out for a spin and come back via the tow-line, sadder and wiser, because his brakes 'didn't work.'"

"He thought they were good enough. But when a real test came on a steep hill, with a blind cross-road at the bottom, they didn't measure up. And it happens every day—to somebody. Look well to your brakes!"

MRS. COFFMAN ILL SEVEN YEARS

Saved from an Operation by Lydia E. Pinkham's Vegetable Compound

Sidell, Ill.—"I was a nervous wreck. I was suffering from a pain in my left side, which was almost unbearable, and I could not even let the bed clothing rest on my body at night. I had been sick for seven years, but not so bad until the last eighteen months, and had become so run-down that I cared for nobody, and would rather have died than live. I couldn't do my work without help, and the doctors told me that an operation was all there was left. I would not consent to that, so my husband brought me a bottle of Lydia E. Pinkham's Vegetable Compound and begged me to take it. I have taken fourteen bottles of it and I feel ten years younger. Life is full of hope. I do all my housework and had a large garden this year. I never will be without the Vegetable Compound in the house, and when my two little girls reach womanhood I intend to teach them to take it. I am never too busy to tell some suffering sister of my help, and you can use my name and letter to spread the good news of Lydia E. Pinkham's medicine."

What is the Life of an Exide Battery?

Many car owners have obtained five or more years of service from their Exide Batteries. Others permit their batteries to be ruined in a few months through neglect and preventable abuse.

The things which do the greatest damage are lack of water, lack of charge and properly secured. So we say frankly to Exide owners that the life of their batteries is largely in their hands.

Keep your battery well charged, filled with water, clean and properly secured in its place and it will give a long life and unfailing service.

Chautauqua

Radcliffe Chautauqua has come and gone. It was heartily enjoyed by a record attendance. The entire ensemble was attractive and pleasing in every way and would satisfy the most fastidious. It not only entertains, but brings the public together in a social way. Miss Ware is a violinist of rare charm and we hope to hear her again in the near future. We all admired the director, Mr. Horr, who is unusually smart for a young man and we feel sure he has a brilliant future before him. We all look forward with greater anticipation to next year's appearance of the Chautauqua.

Mr. and Mrs. Morton from Connecticut spent the week end at W. K. Hamlin's.

Mrs. Perry and daughter have been entertaining guests for the past two weeks at their attractive home on Front street.

Mrs. Kuhn and two children have returned to their home in Cleveland, Ohio.

Mrs. Louise Delano of West Roxbury, Mass., has been in town a few days. She motored down, bringing her son Richard to Bear Mountain Camp.

There was a dance at Grange Hall, Thursday evening. Cook's Orchestra of Bridgton furnished the music. It was gotten up by the Misses Abbott and Moulton. A good attendance and fine time is reported.

We all appreciate the kindness of Messrs. Abbott, Skinner, Hamlin and Haynes in taking people to and from the Chautauqua.

The people of our village as well as other towns, are very much disturbed by automobiles going at a high rate of speed. It is a menace to the public in general, some frightful accident will occur if it isn't stopped. The law should be enforced in this matter at once. A word to the wise is sufficient.

The Remington Pump Gun.
Most popular repeating shotgun in America.

Why the Good Old Remington Pump Gun Still Outsell all Others

There's a new 20-gauge model, too—the best of the light-gauge guns. See it at your dealer's

ASK any of your friends who shoot a Remington 12-gauge Pump Gun—there are lots of them—what it is that has made this the favorite 12-gauge ever since Remington brought it out in 1900—the first solid-breech hammerless repeating shotgun ever produced.

Or better yet—if he'll let you—borrow his Model 10 and take it out in the fields or down by the water for an afternoon and try it for yourself.

Fire arms experts always comment on the precision and finish of the Model 10—the result of 245 separate inspections in the Remington plant.

And they remark that the receiver is machined out of solid steel—instead of made of stamped steel metal or a cored casting as is done with many shot-guns.

But the man who goes out for a day's sport or to get a few ducks or rabbits for

supper isn't so apt to say anything about these technical features.

He'll tell you that the Remington Model 10 shoots *harder and straighter* than any other 12-gauge he ever had in his hands, has an action that never balks or clogs—and seems to get *better* the longer he uses it.

If you're in line for something specially good in a 20-gauge—

Get your dealer to show you the new Remington Model 17. This is a hammerless, solid-breech pump action, too. Chambered for 2½ inch shells which gives it the power and range of a 16-gauge. It is comparatively new—but already many old-timers swear by it as a "real man's gun."

The first time you get a chance go to the gun rack at the store and look at these Remingtons. Your dealer will be glad to tell you anything you want to know about them.

Combined Shows, was in town, Friday, arranging for their appearance here on Thursday, August 30. He secured the Prides lot on Cottage street, beyond Charles G. Blake's lumber yard.

Mr. Hicks stated that the Cooper Bros. outfit is a twin to Cole Bros. shows, which played here a year or so ago, with both under the same management. They left a travel in two special cars on regular passenger trains and how the one thing in a single baggage car is a mystery to the laymen. About seventy people are carried with numerous feature acts from the big circuses. The show will arrive from Bethel.

One of the pine trees on Orchard street, on Mrs. Emma H. Mann's land, has been cut down and it measured 30 inches in diameter and was 42 years old. Norway was well represented at the "human fly" exhibition on the Pythian Block, in South Paris, Friday evening. Road Commissioner Harry Lovejoy has trimmed the turf along the edges on upper Main street concrete road. This gives a neat appearance and a good impression.

Livwood Flint of Waterford was in town, Aug. 13, on his way to Lewiston. He reported business good at the Porcupine Farm and his fiddling trade at top notch. Prof. Flint is tempted to reorganize the Jungle show for the fairs and cover the regular circuit, after an absence of several years. He can put up a collection of animals worth going miles to see, but that pesky fiddling "spasms" and other jazzing functions, has practically consumed the side show instinct. This must be true for he admits it.

Ye Old Fashioned Dance will be held at the Norway Lake Pavilion Friday evening, August 24, with music by Mel Dumham.

Something broke in the town clock at 9:01 Tuesday evening and the machinery started on a wild race. Gears were stripped and there was a general rumpus as the heavy weights dropped into the basement. Extensive repairs are necessary and an expert from the factory must be needed to set matters right.
